Product Description

The Aputure Mount Lantern 120 is a versatile omnidirectional soft light modifier engineered for Aputure's high-output Aputure Mount fixtures, including the STORM XT52, Electro Storm XT26, and Electro Storm CS15 fixtures. Featuring a large 120cm diameter and the new Aputure Smart Mount system, this lantern builds on the popular Bowens mount Lantern 90, delivering broader, softer illumination ideal for lighting entire spaces or creating natural ambient light. Its durable construction, fast setup, and seamless compatibility with Aputure's latest high-output professional fixtures make it an essential tool for filmmakers and lighting technicians seeking consistent soft lighting at scale.
