

Aputure 2-Bay Battery Power Station

Product Description

The Aputure 2-Bay Battery Power Station converts standard 14.4V V-Mount or Gold Mount Batteries to a 48V DC output, allowing users to deliver battery power to any 48V compatible fixture, including the Nova P300c. With high-load batteries, the 2-Bay Battery Power Station can output 10A at 48V for an immense 480W output, which satisfies the power requirements of many fixtures.

Main Features

- Can output up to 480W DC power via 3-pin XLR (48V @ 10A)
- Available in V-Mount and Gold Mount Battery Plate Options
- Lightweight design with carrying strap
- Built-in Aputure Lighting Clamp Quick Release Plate for fast & easy mounting
