Description

This soft and flexible rain cover is designed to protect the 7" Blackmagic URSA Studio viewfinder monitor in bad weather conditions.

Combined it with the custom camRade rain cover for your favourite camera and it offers a total package when using your ENG-style camera set-up. The cover is perfect for use during both indoor and outdoor events such as sports, music, etc.

The cover has an Easy-on-Easy-off construction with hook and loop fasteners. The side handles can be reached through the cuffs on the left and right side of the cover. The monitor and controls are protected by vinyl windows for full view on the front and back, and the controls are fully accessible too.

This item is supplied in a waterproof pouch with zipper, which you can use for storage and transportation of the cover.
