amaran

Amaran Type-C to DMX Adapter with USB Type-C Input

The amaran USB-C to DMX Adapter Cable is designed specifically for linking amaran lights, such as the amaran PT1c, amaran PT2c and amaran PT4c with a USB Type-C DMX port. While controlling your light, the Type-C to DMX Adapter cable also allows you to charge your fixture, mitigating the need to change out lights or run charging cables when designing a lighting set up.

MAIN FEATURES

- Designed for the following amaran fixtures: T2c, T4c, F21 , F22, PT1c, PT2c & PT4c.
- Connects DMX-Capable amaran Lights to a DMX Network Over USB Type-C
- USB-C Interface to Standard 5-Pin DMX In & Out Headers
- Additional USB-C Port Provides Power to a Connected Fixture to Control and Charge Lights Simultaneously
