ORCA BAGS NEW 2021 CLASSIC VIDEO BAGS

Dear ORCA BAGS partner,

We are honored to share our latest creations with you. All of our new classic video bags can be pre-ordered! These bags were thoughtfully designed following an extensive research period. They reflect our customers' desire for innovative, high quality products.

The new bags we created are meant for video camera operators who need to carry and protect their gear in a lightweight, easy-to-use bag. Over the next few days, we will be sending you product pages for each new bag that we created. These can be used by your web and sales teams, and also distributed to your customers.

We will be happy to have you pre-order our new items (OR-504, OR-508 & OR-510). The estimated delivery date is April 2021.

Please do not hesitate to contact us at any time if you have any questions or need assistance. We greatly appreciate your business and support.

2021 ORCA BAGS Classic line

CLASSIC LINE INTRO

Orca's new classic video bags were designed to carry and protect video cameras and related items. They are light, compact, and ideal for local use. They come in three different sizes, are easy to carry, and have a wide opening in addition to a protective top cover. Each bag has three large external pockets, a padded shoulder strap, and an internal dividing system that can be configured according to the user's needs. The OR-510 additionally comes with wheels and a trolley system.
